Face-to-Face

**Face-to-face courses** are comprised of 12 weekly evening classes of 90 minutes in duration. In addition to weekly classes, there are typically one or two half-day Saturday workshops. **Attendance** is expected at all classes and workshops. Course resources and some learning activities may be accessible through Moodle (the University’s online learning management system). Courses may have a final exam.

Online

**Online (WEB) courses** are delivered in a flexible format and do not have scheduled face-to-face meetings. Readings, learning activities and assessments are accessible online. Students are expected to log on to the course site on a regular basis, i.e. several times each week. Online courses require regular online participation, e.g. posts to discussion threads. Many online courses include prescheduled tele or web conferences. (Dates and details of these conferences will be made available by the facilitator prior to the commencement of class). Online courses may have a final exam.

Workload and participation: students should expect to spend at least 10 hours per week studying, as for other course formats. The level of participation and contribution to (online) discussions is expected to be similar to that in other course formats.

Intensive

**Intensive (INT) courses** consist of two intensive weekend workshops during the session. These weekend workshops are normally held on Saturday and Sunday at various locations. Attendance at all dates of the intensive workshops for the duration of the workshop is compulsory. Course resources and some learning activities may be accessible through Moodle. Some courses may include tele or web conferences. Courses may have a final exam.
The Revised MBA (Executive) includes 3 intensive residential cohort experiences:

1. The Executive Blueprint (EB) is a residential (stay-in) course intended for students entering the revised EMBA program. EB introduces the leadership concepts that will be developed throughout the entire EMBA. The residential component is held over three days (Friday, Saturday and Sunday) usually in Sydney or Melbourne (according to a student’s most convenient location). Attendance is required at an orientation session approximately 4-6 weeks prior to the date of the residential.

2. Leadership is the residential intensive which occurs midway through the EMBA. The course focuses on developing students’ capacity to think and act as modern leaders in a constantly moving business landscape. It prepares students to successfully engage with the advanced SMY components ahead. Leadership is a 3-day residential (stay-in) course held in Sydney, Melbourne or Perth (according to a student’s most convenient location).

3. SMY is the intensive 1-year capstone of the EMBA comprising a series of 4 residential learning experiences over 11 months. The SMY immerses groups of around 40 students in a program that undertakes a practical investigation of the challenges and opportunities for businesses at various stages of the business lifecycle.

Please note these descriptions are intended to serve as a guide. Individual course details or requirements may differ from the above.
