Please visit Social Impact or contact [csistudents@unsw.edu.au](mailto:csistudents@unsw.edu.au) for more information - [www.csi.edu.au](http://www.csi.edu.au)

## Face-to-Face Intensives

(Intensives require 100% attendance)

Intensive courses are delivered over the same 12-week period as a regular Face to Face (F2F) class. However, weekly classes are replaced with two Intensive weekends & online activities. Students are required to complete work & readings *prior to & after* attending the Intensives.

## Sydney Intensives

Class No. = Class Number in myUNSW TBA

\* Prerequisites - Core Accounting and Core Corporate Finance

\*\*\* New Course

\*\*\*\* MBAE students planning to enter Stage 2 are currently not permitted to take this course as an elective due to its similarities to MNGT7495 Strategic Leadership.

# AGSM Programs Attendance and Participation Policy

Workload and participation: students should expect to spend 10-12 hours per week studying for all course formats.

All assessment items must be submitted to the Facilitator in whose class you are enrolled on myUNSW and Moodle.

Course materials are available on Moodle approximately 4 weeks prior to the commencement of session.

### Weekly (Face to Face) Courses

Are comprised of 12 weekly evening classes (90 minutes). Punctual attendance is expected at all classes. Weekly classes require a minimum 80% attendance. You may attend up to 3 alternate classes as a visitor due to illness, critical work projects or travel.

### Intensive (Face to Face) Courses

Course delivery occurs for all intensives over the same 12-week period as a regular Term, however weekly classes are replaced with 2 intensive face to face blocks. Students are required to complete coursework, e.g. assigned readings, activities and some assessments, prior to attending the intensive class blocks (ie a blended learning experience). The expectation is that students will begin their coursework in earnest in Week 1, so that they are thoroughly prepared for the first class block. The intensive classes are generally held on Saturday & Sunday (9am-5pm), and in 2019 we are piloting some Friday/Saturday intensives.

**100% attendance at all dates for the duration of the day is compulsory.** If you are unwell you must apply for Special Consideration within 3 days. If approved to stay in the course, its likely you will be required to submit a piece of work (as nominated by the Facilitator) to cover the material missed.

For information about Social Impact intensive courses, students should contact [csistudents@unsw.edu.au](mailto:csistudents@unsw.edu.au) or visit the [Social Impact](#) website (or see page 5 of this document). Social Impact intensive courses may take a different format to regular AGSM Intensives.

### Online Courses

Are delivered in a flexible format and do not have scheduled face-to-face meetings. Readings, learning activities and assessments are accessible online. Students are expected to log on to the course site on a regular basis, i.e. several times each week. Online courses require regular online participation such as posts to discussion threads & activities. Many online courses include prescheduled teleconferences or video conferences. Dates and details of the video or teleconferences will be made available by the Facilitator at the commencement of Term.

### Residentials

Executive Blueprint (EB) is the recommended starter course for Stage 1 of the MBAE. It is delivered as an intensive residential cohort experience (3 days & 2 nights). Residentials require **100% attendance**. Residentials attract a residential fee which isn't eligible for FEE-HELP.

### Important

Some courses have a final exam (online or take-home) in week 12 or 13. Please refer to the Course overview or Assessment Summary document for further information.

If enrolling in more than one course, review for any clashes and note the compulsory attendance requirement at Residentials and Intensives.

**We STRONGLY caution against enrolling in 2 courses as it often impacts your learning experience and results.**

We advise early **Class Registration** to secure preferred venues and class times. Popular classes fill quickly. Please don't register for a class you don't intend to proceed with as this impacts your colleagues and the viability of scheduled offerings. Classes with low enrolments at the end of the enrolment period may be cancelled.

Student Experience operate wait lists and, where space permits, enrolment may be facilitated **until the end of week 1**.

If you decide to take a break from your studies by not enrolling in consecutive sessions, you must advise Student Experience via email before the census date. AGSM relies on manual entry for Program Leave to keep you active in UNSW systems.

*UNSW Policy requires that programs and content be reviewed on a regular basis. Please note that programs, program structures, courses, course content and facilitators are subject to change. Changes may have different impacts on students at different stages of their progress. AGSM reserves the right to alter any offering if circumstances require. Every effort will be made to find an alternate option for affected students however this is not always possible.*
