After students’ final exam or assessment there is considerable work to be done before a student may be confirmed as a candidate for graduation:

- Students’ final course results are marked and checked
- UNSW checks whether candidates are students in Good Standing (i.e. no outstanding matters or fees)
- UNSW requires that the above steps be successfully completed and finalised no later than 6 weeks prior to a Graduation ceremony (this date changes for each round of graduations – June or November)
- Once the above steps are successfully confirmed, a student is classified as a graduand – i.e. is deemed eligible to graduate
- At this point a student will be allocated a place in the next round of graduation ceremonies, details of which are communicated directly to the student by UNSW Graduations via email.

Please note: Confirmation of your place in a UNSW Graduation ceremony is not coordinated by AGSM, it is a function centrally managed by UNSW. Please review UNSW’s information on Graduation.

We understand that students attending the AGSM HK MBA campus may be unable to attend the two main UNSW Graduation ceremonies held in Australia each year. In addition to the ceremonies in Australia, UNSW holds overseas graduation ceremonies for all degrees conferred by all schools to which HK MBA graduates are welcome to attend. All HK MBA graduates will also be invited to a special graduation celebration organised by the AGSM HK MBA Program.

Please note: if you need confirmation of your graduation status earlier, once your degree status is 'Awarded' (i.e. once you’ve become a graduand) you can request an Award Statement. This document shows when you completed your program and when you will graduate. You can use this document as an invitation for visa purposes. Please note, until your status is Awarded you can request an Enrolment Statement only.
