

UNSW Business School

Undergraduate Honours Program Learning Goals and Outcomes

1. Advanced knowledge of a field: Our students will have the ability to understand, apply and critically reflect on an advanced body of knowledge within a particular field.

- a. Students should be able to apply a highly developed understanding of the theoretical concepts and body of knowledge in the relevant field to address a question/topic.
- b. Students should be able to reflect critically on existing theoretical knowledge, ideas and practice in the relevant field.

2. Research capability: Our students will have the ability to undertake a piece of research in the relevant field.

- a. Students should be able to develop an original research topic/question.
- b. Students should be able to plan and execute a piece of research with some independence.

3. Communication: Our students will have the ability to communicate research effectively.

- a. Students should be able to present and defend their research in oral presentations.
- b. Students should be able to present and defend their research in writing.
